AngliSchools International students

Our Schools

AngliSchools is a strong system of Australian schools committed to providing high-quality, values-based education within a supportive and inclusive community.

Each school is a unique community with its own individual strengths and specialist programs, but also shares the common values of faith, excellence, justice, respect, integrity and inclusion.

Programs

Options to meet students ‘where they are at’

- 1 Immersion**
A short-term placement in any of our schools.
- 2 Language School**
English language learning at our Language School.
- 3 Schools**
A longer-term placement in one of our schools.

Testimonials

“

I want to find a better future for myself. That’s why I decided to study abroad.

If you intend to study abroad, but your English is not good, you can set aside more time to learn, and, if you are not feeling confident, you can always come and experience. After one or two months, your English will improve significantly.

When I studied in the Language School, I made friends from other countries and I felt confident when I did something new, like presentations.

AngliSchools student,
St Mark’s Anglican
Community School

“

St Mark’s has given me endless help. It has set up many events and activities for students to participate in. The teachers are very lovely, and even though English is not my first language, I was never afraid to ask them questions. They will always be there for you when you need them.

The school is almost like a family to me; they always show how much they care about their students. I always feel very included and taken care of in the school.

I was selected as a member of the prefect team, where we had the chance to improve our leadership skills and make positive changes to the school. I could not speak more highly about St. Mark’s and I am grateful that I spent my high school years with them.

”

Pathways

Attainable outcomes for every student

Early Years	Primary	Junior High	Senior School		Outcome
			Year 11	Year 12

- ATAR: Australian Tertiary Admission Rank
- WAUFP: Western Australian Universities' Foundation Program
- * Developed for international students by Western Australia's public universities

Elizabeth Quay, Perth

Language School

English Programs

At our Language School, students can undertake academic English programs to support their studies.

1

Beginner English (General English)

Course Code: 078838J

This course is designed to introduce students to the early stages of English language acquisition in order to prepare them for the more academic style of English taught in the PSS program.

2

Preparation for Secondary Studies (PSS)

Course Code: 078837K

This course is an English language program specifically designed to prepare students for entry into secondary school. The course includes some subject content to ensure students become familiar with the vocabulary and terminology needed to study secondary school subjects successfully.

3

English as an Additional Language or Dialect (EAL/D)

Course Code: 093594K

This course is designed for Year 11 and 12 students who speak another language or dialect as their 'home' language. EAL/D focuses on developing the competent use of Standard Australian English in various contexts and teaching academic English skills needed for tertiary studies.

4

English Language & Australian Cultural Studies (ELACS)

Course Code: 094026A

This course is studied as part of the Western Australian Universities' Foundation Program (WAUFP), an academic study pathway which guarantees entry to top public universities in Western Australia, for those who successfully complete the program.

Foundation

The Western Australian Universities' Foundation Program (WAUFP) has helped international students to achieve their study goals since 1993.

- The WAUFP is a one-year program for Year 12 students.
- International students who successfully complete the WAUFP and who satisfy the course entry requirements are guaranteed a place at the WA public university of their choice.
- The WAUFP is also recognised by leading Australian universities in other states.

WAUFP students study at least four subjects, including English Language and Australian Cultural Studies (ELACS). Success in ELACS means that students meet the English competency requirement necessary for university entrance in WA.

Performance in each subject is assessed by the student's school. The moderated school assessments and final external examination marks are combined on a 50:50 basis and then scaled using an ability test to produce the final scaled marks in each subject.

A Combined Percentage Score (CPS) is calculated for all students and can be used for university entrance. The CPS is calculated by averaging the best three scaled scores (excluding ELACS) OR averaging the sum of the best three scaled scores and ELACS score, whichever is highest, plus any bonuses.

Our students can study the WAUFP in any of our Western Australian schools

Entry Requirements

Fishing Boat Harbour, Fremantle

Phase	Year Level	Maximum Age	Minimum Academic IELTS
Early Years	Pre-Kindergarten	5	N/A
	Kindergarten	6	
	Pre-Primary	7
